Nowway has voted to spend \$5,000,000 upon its navy the coming year.

Rube Marquard, pitcher of the New York National League club, who had won 19 games in a row, was beaten for the first time this season Monday when Chicago defeated the Giants 7 to 2.

Senator Cummins of Iowa, who was a candidate for Presidential nomination at Chicago, announces to friends that he has decided not to join the new party movement led by Theodore Roosevelt.

At Palzer, heavyweight pugilist, is anxious to meet Jack Johnson in a 10-round battle Labor Day. The champion of the world said he would meet Palzer for a \$30,000 purse or a side bet of equal amount for a finish fight or for any number of rounds.

The naval appropriation bill carrying \$133,609,674 and the two battleship provision was passed by the Senate last Saturday. It now goes to conference with the House to thresh out the naval increase program and other Senate amendments. It threaded a lively course in the Senate. Senator Johnston of Alabama proposed a substitute provision for one battleship and gave notice that he would

propose, when the Panama Canal administration is considered, to deny the use of that waterway to all nations which do not agree to build only one battleship a year. He said the United States should end the wasteful battleship competition with Europe, by entering into treaties to cease building battleships.

The design of the present five cent coin does not coincide with the treasury department's conception of art and it will be changed in its entirety. Secretary MacVeagh has decided to replace the Goddess of Liberty on the face of the nickel with a buffalo. The reverse side of the new coin will contain the head of an Indian.

The attempt of a North Dakota claimant to establish himself as Daniel Blake Russell, son and heir to half of the \$500,000 estate of the late Daniel Russell of Melrose, was rejected Monday, before Gilbert A. A. Pevey, master. The claimant failed two years ago to establish his claim after a trial lasting nearly seven months.

A letter to the Kennebec Journal from the daughter of Hon. William T. Haines brings good news to thousands of friends of Mr. Haines' throughout the state. The letter is dated at the Medico-Chirurgical Hospital, Philadelphia, where Mr. Haines went for treatment of his eyes. The surgeons assure him that another week will affect a complete recovery in the eye first treated for an attack of iritis. From the other eye Mr. Haines has been unable to see for 11 years. This was operated on last Tuesday and already Mr. Haines is rejoiced by returning sight. He hopes to come home this week and will then take up some of the attacks that have been made upon him by Democratic papers while he was unable to read.

BALLOT BOX ACT

Keen Opposition To the Measure Has Developed—People Vote on It September 9.

Gov. Plaisted, Monday, issued his proclamation, designating Sept. 9, the same date as the next general election as the date on which the Uniform Ballot Box act, passed at the special session of the Legislature, shall be submitted to the people, under the provisions of the referendum amendment to the State Constitution.

Petitions containing 11,268 signatures, 1268 more than the 10,000 necessary to obtain a referendum upon the measure, were filed at the department of state last Tuesday, and since that time additional petitions have been filed. The so-called Uniform Ballot Box act provides for uniform ballot boxes for all municipalities and for the return of the ballots to the office of the secretary of state within 24 hours after the election. The signatures upon the referendum petitions come from every county in the state and it is in the smaller towns that the keenest opposition to the measure has developed.

Nonway has voted to spend \$5,000,000 upon its navy the coming year.

The strawberry season is waning. Order your berries now.

Howe Hall has vacation employment at the Bar Harbor reading rooms.

Miss Katherine Ulmer, who graduated from the high school this spring, is clerking at Allen's fruit store.

Edward Richardson has moved from the Keen house on Rockland street to the Hemmingsway tenement, Masonic street.

Manager Engley of the Empire Theatre was called to Brockton this week by the death of his brother, W. L. Engley.

The summer school of art at 260 Broadway made an interesting start Monday and has been busy in spite of the heat.

Warren Crockett, who resides on the Old county road, sustained a partial sunstroke Wednesday, but is gradually recovering.

Moses Orne of East Friendship has our thanks for a box of the most luscious berries that have come to The Courier-Gazette this season. Delicious color and flavor.

Before anybody loads you up with the story that laboring men cannot find employment go out on the street and try to hire help for the hayfield. Wages \$2.50 per day, too.

Miss Mary L. Longley, daughter of the late J. Longley, died in Augusta this week. The remains were brought to Thomaston. Services will be held at the Methodist church there Saturday at 2 p. m.

Seven strawberries connected by a single pedicel is the curiosity which W. C. Lufkin brought from his Glen Cove farm to The Courier-Gazette office Wednesday. Our readers will have to go some to beat that.

The repairs and improvements which are being made to the Y. M. C. A. building will not be completed before September. The work is proceeding somewhat tardily because of the difficulty in securing carpenters.

H. D. Farnham has severed his connection with the Maine Music Co., salesman, Thomaston, etc. Mr. Farnham has taken the agency for the famous "King" band instruments, made by H. N. White of Cleveland, Ohio, and will push their sale in this section of the state.

Mrs. Mattie Maddocks has been appointed postmaster at Owl's Head, to represent the duties of Postmaster Brown, who died last week. This appointment is temporary. A later appointment will be made through the usual civil service examination.

Henry F. Thurston of Winnetka, Ill., who formerly resided in this city, has the sympathy of his Knox county friends over the loss of his only son, Robert, who was drowned recently while bathing. Newspaper articles say that the tragedy might have been averted with more efficient lifesavers on duty. Robert was 12 years of age.

The railroad commissioners were in session at M. A. Johnson's office, Tuesday, where they gave a hearing on the Rockland, South Thomaston & St. George Railway's petition for a certificate on a bond issue of \$100,000. The Railway desires to use this money in taking up its outstanding indebtedness and for extensions to its system, with additional equipment. The commissioners have not rendered their decision.

Early next fall the steamer Pemquid of the Maine Central fleet will go to the Bath Iron Works to receive a new Scotch boiler. At the same time the saloon will be rearranged and a new smoking room added. The boiler will be 13 feet, 6 inches in diameter and 12 feet, 7 inches long, designed for 130 pounds working pressure. The new boiler will replace the two gunboat boilers now being used.

Among the most popular Sunday attractions last summer was the public clam-bake at Crescent Beach, which were enjoyed by hundreds. Next Sunday the great public clam-bake and band concert of the season will be given at Ginn's Point, the new popular resort just opened by the Crescent Beach Railway. Many undoubtedly will take their picnic dinners and spend the day at this cool spot, and it is expected that the crowds will surpass those of last season.

The Northport Inn, which has recently been purchased by W. Franklin Burnham, has been opened for the season. The house has been thoroughly overhauled and many improvements made, baths put in, rooms have been arranged in suites and a grill room established where the public can be served at all hours. Serving fresh dinners and catering to automobile parties will be one of the specialties of the house. The location of the hotel is perfect. Mr. Burnham is an old hotel man, formerly doing business at the Point of Pines.

Mr. Hawken made a good move when he put the children's slide into Oakland Park. We wonder if he has any other novelties for the children's amusement.

A. W. Raffell, cornet soloist and traveling salesman for H. N. White, Cleveland, Ohio, is in the city demonstrating their line of high grade band instruments. All band men (or others interested) are invited to call at S. T. Magruder's sail loft, where Mr. Raffell will be pleased to entertain and demonstrate.

Owl's Head Inn, which is under the management of H. D. Ames this season, has met with success from the start. The hotel is filled with guests, who are delighted with this picturesque seaside resort, while the public is saying lots of nice things about those shore dinners at 50 cents, 75 cents and \$1. Teams meet every car. Sundays or week days, on telephone notice.

The paragonage of Galilee Temple now has telephone connection. Call 213-5.

Clifton & Karl are painting the St. Nicholas hotel, G. A. R. hall and the residence of J. F. Gregory on Cedar street.

New and larger water pipes are being laid on Lincoln street, to the immense satisfaction of the residents who are taking turns at present in drawing water.

Six horses are due to arrive at the Samoset stables Saturday. The property of F. F. Ayer of New York, who has the reputation of owning some of the best driving horses in the country. They are being shipped here by American Express.

On one side of the St. Nicholas hotel where the painters were working Wednesday the temperature was 15 above, while on the other side of the building a frost was plainly visible. If you disbelieve our statement, ask Ned Clifton.

Hundreds of tons of nice hay have been stowed into Knox county barns this week, and there's lots to follow. The heavy rains of the early spring gave the grass a good start, but it has been retarded somewhat by the recent drouth.

The Maine Osteopathic Association has been incorporated as a scientific and fraternal organization. Dr. Ralph A. Sweet of this city is vice president. The association was organized to advance the science of osteopathy and for the mutual benefit of the members. It also claims to protect the public against unqualified practitioners.

Society will turn out en masse today and Saturday to see the great five-reel picture "Oliver Twist" at Rockland Theatre. Posing as "Fagin" in Dickens' masterpiece is the famous actor Nat C. Goodwin, who was appearing in this great role at Broadway Theatre about the time that our Maxine Elliot received her divorce from him. Those who have not been privileged to see Goodwin in real life will doubtless enjoy his impersonation of Fagin in motion pictures. Special and costly scenery was used in the production of this film.

"I spent a week at Atlantic City one year ago," remarked E. B. MacAllister Tuesday, "and though New Jersey has a world-wide reputation for mosquitoes I never saw so many there in the entire week as I have down here at the Beach tonight."

And the watchful attorney swatted right and left at the pesky borers, meantime bathing his ankles in a dozen solutions that are supposed to kill the mosquitoes in real life. It does no good to remind our readers that mosquitoes everywhere are unusually thick this season. 100 poor consolation to know that there's no place one can go to dodge them. If somebody undertakes to tell you that there are no mosquitoes where he lives look him over earnestly and make a liberal discount on his assertion.

Early Tuesday evening Judge E. C. Payson and wife, who reside on Granite street, were much startled by a bullet crashing through the screen of an open window and lodging in a taboret which was beyond the open door of the house.

Baseball fans have their choice of two good games in the Knox Trolley League Saturday. Rockland Y. M. C. A. plays Camden-Rockport Y. M. C. A. at Oakland, and the street Railway plays Thomaston at Thomaston. Either event makes a fine Saturday afternoon outing, and the season is so brief that all lovers of the natural game should not hesitate to take advantage of it. The game begins at 2:30.

In common with the rest of New England this city has been passing through a period of sweltering heat, the like of which it has not experienced for many years. Using as the basis of our reckoning George B. Casey's thermometer, which had never shown a tendency for unwarranted uprising, we find that the maximum point reached was 96 degrees, on Tuesday and Wednesday. The hottest morning was Wednesday. The thermometer hanging in front of the Savoy hotel registered 101 in the sun. Proprietor Hatch gave one glance at it and fled back to the kitchen range where it was cooler. Coats, vests, collars and neckties were laid aside by prudent ones, though occasionally you would meet a man geared up about the same as in winter, excepting that he had discarded mittens and ear-flappers. Work was suspended in the shipyard and stonemasons who were working on just the kind for the busy hay-makers. Under the eaves of the barn chambers, stowing away hay, was not quite as comfortable as swinging in a hammock on the Samoset piazza, but the financial difference was more than satisfactory to the laborer. Clarence Daniels, who comes in for more abuse than the weather bureau, and has most of it addressed to him verbally, was nearly mobbed Wednesday when he hung out a sign which read: Continued Fair and Warmer. He was restored to the good graces of the public until he dug out a sign which promised cooler weather for Friday.

O. E. Hahn calls attention to the fact that he is still in the painting business at his shop on Lindsey street. Telephone 273-14.

The fine moving pictures at Oakland Park are being much appreciated by the Park patrons.

A new feature next Sunday—hourly excursions to Dix Island and return from Crescent Beach wharf; first trip at 11 a. m.

Get cooled off by going to Ginn's Point Sunday. Free band concert, public clam bake and other amusements.

Better Stenographic Service

Did you ever notice that your stenographer does better work early in the day than she does toward night? This is probably the reason: At the tip of each finger, close to the surface, is a sensitive nerve terminal.

Now, the constant pounding that is necessary to get action from the stiff, heavy keys of the ordinary typewriter soon tires her out. You can overcome this daily "3 o'clock fatigue" by taking advantage of the

Monarch Light Touch

The Monarch has an exclusive type bar construction, which responds to the slightest pressure of the fingers and makes possible a maximum degree of efficiency.

Send for Monarch Literature

Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

APPLE GROWERS ORGANIZE

Union and Appleton Farmers Will Affiliate With Farmers' Union of Maine—Will Improve Orchards.

Prominent apple and potato growers of Appleton and Union met at Grange hall, Union, July 2, and organized the North Knox Potato and Apple Growers Association of Maine. This is one of the series of associations being organized by C. E. Embree, formerly sales manager of the Long Island Potato exchange of Riverhead, N. Y., under the direction of the Agricultural department of the state of Maine.

The towns of Union and Appleton and other territory contiguous thereto is an important apple growing section. Union is at the terminal of the Georges Valley railroad, with connections at Warren with the Maine Central railroad. Last season 13,000 barrels of apples were shipped over this line.

The association will start out to improve the orchards by a proper system of spraying, pruning and cultivating. Then with a correct system of grading and packing they hope to attract the attention of the buyers and secure top market prices for their goods.

The capital stock of the association is \$10,000 divided into 1,000 shares of the par value of \$10 each.

It was voted to affiliate with the Farmers' Union of Maine, the headquarters of which is located at Bangor.

A Sustaining Diet

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic, say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

ONLY THOUGHT WAS TO HELP

Showing, to Paraphrase, How One Touch of Powder Makes the Feminine World Kin.

She was going to get off the car a few blocks further on and had a great longing to powder her nose before she alighted so that when she kept her tryst with him she should not present a shiny tip. The woman sitting next to her was of the critical sisters, who had looked her up and down from boots to bonnet when she entered the car. The woman with the shiny nose felt certain if she surreptitiously tried to extract her powder rag from her purse and dabble her tip with it the woman at her side would glare horribly. But as her street drew near she determined to risk it anyhow and trust to Providence that a quick dab would accomplish the desired result. She dabbed—blindly and hurriedly. But the woman saw her. She could feel the glare turned in her direction. Then, to her infinite amazement, the woman whipped open her reticule and extracted a small mirror. This she handed to her neighbor with an understanding smile. "Better take it, my dear—there's a gob of powder on the left side near your eye." The other woman, in her gratitude, forgave the glare previously administered, and remembered the good old adage, one touch of powder makes the feminine world kin.

Why a man likes a dog

Of Course There Are Other Reasons, but These Are the Ideas of the Suffragette Lady.

"Why does a man like a dog?" responded the suffragette lady, fiercely, and repeated. "Why does a man like a dog? Well, there are numerous reasons, though a dog is not a reasoning being. A dog will lick the hand that beats it; a dog will eat a crust and a bone and bless the giver; a dog thinks whatever a man does is right and proper; a dog has no rights that a man is bound to respect; a dog asks no embarrassing questions; a dog is always grateful, no matter for what; a dog does not ask the man to stay at home nights; a dog is satisfied to love the man whether the man loves the dog or not; a dog submits to any and all impositions without protest; a dog does not consider itself a man's equal; a dog lets a man have his own way; a dog doesn't want to vote; a dog is just as glad to see a man when he gets in at three o'clock in the morning, almost helpless, as if he hadn't gone out at all; a dog has no mother in sight, and a dog can't talk back—can't talk back, mind you, nor won't talk back. That is why a man likes a dog."

THE COMB'S MORNING STORY

You know the story the comb tells. It's a very discouraging story, too.

Day by day, a few more strands are added, of hair that is turning grey, losing its vitality, its strength and its health.

Grey hair is as unbecoming as old age. Natural pride should have its own say. You wish to look young and it is your DUTY to appear so. You can't even LOOK young if the silver threads begin to show.

Be a "Young Woman" in looks, always. The grey hairs belong to the chaparral and to the grandmother.

Stay out of the grandmother class, until your years justify it, by using —

WEST LIBERTY

Miss Alice Henderson of North Union closed a very successful term of school at the Bradstreet district on Wednesday, July 3. She is a first class teacher in every way and while her school had the name of being the worst in town, yet with her good ways she won the good will and respect of the children and parents, and she had not the slightest trouble after they found she intended to keep order. The writer, whose child went to Miss Henderson's school, is pleased to say he believes he has learned more this term than he has in the past four years. We only regret that this teacher is going to teach in Union this fall and cannot come back here. Miss Henderson treated the children with candy and peanuts.

An Appeal to Wives

You know the terrible affliction that comes to many homes from the result of a drinking husband or son.

You know of the money wasted on "Drink" that is needed in the home to purchase food and clothing. ORRINE has saved thousands of drinking men. It is a home treatment and can be given secretly. Your money will be refunded if, after a trial, it has failed to benefit. Costs only \$1.00 a box. Come in and get a free booklet and let us tell you of the good ORRINE is doing.

REQUIRES CHANGE AND REST

Average Woman Unable to Be Happy Among Surroundings That Have Become Monotonous.

A certain woman was restless. She was worn out, but it was not with physical work. Her husband was wiser, perhaps, than most husbands. He did not send her to the top of a mountain where she was the only inhabitant. He sent her to resort where there were many new people, with new personalities and new topics of interest. She needed contact with the world more than she needed a cool climate. Frequently men who brush elbows with a dozen persons each day do not appreciate the solitude of their wives. Sometimes when a man needs as a rest to get away from miscellaneous humanity, contact is just what is needed by his wife. Frequently even if she has enough feminine society she lacks the society of men. Perhaps her husband never really converses, or is able to converse, with her. A man hidden behind his newspaper at the breakfast table is not a creation of the comic paper; he is a too frequent fact. Too often his wife does not interest him because the sphere which is imposed upon her is too limited. Yet she may have been so confined to her own thoughts all day that she feels she will go crazy if she does not have some one to talk sincerely with, or some other human excitement. Birds often divide the care of the young, and when the female leaves the nest it is sometimes merely for change and rest. There are some who believe the French woman is more content than the average woman in other countries because she has a share in the family business. She is a partner, instead of a sort of upper servant.—Editorial in Collier's.

FOUND STEAM PIPE USEFUL

One Man Discovered That Its Original Purpose Was by No Means All It Was Good For.

"There are some of the conveniences of the modern household," said a man who has nearly all the comforts of home, "that may be put to use for which they were never intended, in several months of the year, at any rate. There is in my dining room a nicely gilded steam pipe that runs from floor to ceiling, and it is hot to the touch. Heat has many uses, and the heat that exudes from that steam pipe has served me in unexpected ways. I once tried to open an ink bottle the cork of which, made of glass, was so tightly wedged in that no amount of force I could apply served to dislodge it. I held the bottle to that steam pipe for a few minutes, and the problem of physics working finely, that cork came out in a jiffy. But, better than that, one afternoon while reading a newspaper I experienced a sudden attack of lumbago, and as all the folk were out and I had no other means at hand, I removed my coat and waistcoat and glued my back to the hot cylinder, and the pain disappearing in a short while, I found the thing had all the beneficial virtues of a hot water bag."

FLESH FORMING FOOD

When you buy a package of Samose, the great flesh-forming food, weigh yourself and see how much you gain in the first week's use. C. H. Rendition will tell of many of his customers who a month or so ago were thin, pale and haggard, but who are now, through the use of Samose plump, strong and happy, with perfect health and attractive flesh. He has seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that he gives his personal guarantee with every package of Samose he sells to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind and, in addition, it strengthens every organ of the body, restoring strength and health to the whole system.

CLARRY HILL

Marion Smith of Rockland is spending his vacation with his grandparents, Mr. and Mrs. George Jameson.

Winifred Whitney and Master Everett Lamont called on friends in Rockland and Camden recently.

EASY FOR STONINGTON

Deer Isle Cried "Enough!" At End of Eighth Inning—Slaughter of the Innocents.

The Stonington baseball team invaded Deer Isle to help add to their celebration in the forenoon of July 4th.

There was some talk among the Stonington fans that the game would be close, while at Deer Isle they looked for the locals to take the visitors into camp by a liberal margin, and boasted to this effect before the game. It was perfectly evident from the start that the game would not go extra innings and by the time the sixth inning had got well under way the crowd began to wonder if Deer Isle would ever retire the side and put an end to the slaughter. Every Stonington man swatted the pill to all corners of the field, and put the lid on two of Deer Isle's most promising twirlers. Noyes, who pitched for Stonington, had his opponents at his mercy at all times, allowing only three hits and sending 16 by the air route.

When the din of battle cleared at the end of the 8th Deer Isle acknowledged defeat and cried enough. It was well that they did, for the score stood Stonington 17, Deer Isle 4, and the scorekeeper was tired of marking down strikeouts, scores, hits, etc.

The Stonington team returned home at an early hour, with victory lashed to the belts. Some of the most modest of the boys remarked "It was too bad to scalp them," but the most of them gave voice to their merriment by singing "It's a shame to take the money."

The lineup was as follows:
Deer Isle—Carman, p. cf; Black, 1b; Gross, 2b; Smith, 3b; Lazo, ss; Joyce, H; Greenleaf, cf; p; Demmis, cf; Thompson, c.
Stonington—Eaton, c; Noyes, p; Carter, 1b; Eaton, 2b; Williams, 3b; Webb, ss; McGuffie, H; Cates, cf; Hart, rf.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound which would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar. However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention The Rockland Courier-Gazette.

There is an amusing story told in connection with the first venture in frog-farming ever made in the United States.

Early in the last century Audubon, the great ornithologist, went down the Ohio river from Pennsylvania in a little steamer of his own, stopping at various points to obtain specimens of little-known birds.

While at Hendersonville, Kentucky, which he made his home for some time, he built a mill and proposed to raise frogs on a large scale, preparing for that purpose a pond near the river.

The frogs multiplied wonderfully, and on warm summer evenings it was the practice of Audubon to sit under a tree near the pond, listening to the concert given by his stock, and calculating the amount of money he should derive from the sale of the grown frogs.

But one night, when the frogs were nearly grown, they heard the booming of bullfrogs in the Ohio. Their curiosity was aroused, and hopping out of the pond, they made their way to the river, into which they plunged and disappeared!

Easy To Get Rid of Corns THIS Way

"GETS-IT" the New Corn Cure Guaranteed.

Corns Gone! "GETS-IT" Got 'Em!"

"GETS-IT" is the new corn cure that will surely surprise you the very first time you use it, it is so simple, painless, quick and sure in its action.

I shaved up the corn, wart, callous or union, separates them from the true flesh, the corn comes off, and there you are, with feet that feel positively glorious; corn-free once more as they used to be in your "bare-foot days."

The most remarkable feature is that "GETS-IT" does not harm or turn raw the healthy skin as other preparations do. It is as safe as water. No more plasters, landings or salves.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

PUT END TO FROG-FARMING

Audubon's Scheme Might Have Been Good but for One Small, Unforeseen Incident.

There is an amusing story told in connection with the first venture in frog-farming ever made in the United States.

NORTH HAVEN

The Fourth started off here with the pop-pop of firecrackers and an occasional jingle of bells and toot of whistles. At 8.30 o'clock the parade of horrors started from the band stand, marching amid laughter and applause through the village. The procession was headed by H. T. Duncan attired in finery that would make the female population of Bangville turn green with envy. Next came Fay Brown, James Lewis, Owen Lermond, Chester Dyer, Almon Cooper, Bryant Hopkins and Arthur Poole, who, garbed in a manner that caused many a laugh showed their patriotism by singing with vim several inspiring marches. Following were Doris Brown, a quaint little figure in her long dress, shawl and sunbonnet and Helen Bray very prettily dressed as a flower girl. Behind these wheeled a baby carriage decorated in the national colors in which was seated Cora Hopkins, her face as black and shiny as any little pickaninny from the heart of Africa were Eleanor Hopkins looking very funny in her representation of a little old woman of bygone days and Harry Webster with a face as black as coal. Behind Ames came next, costumed in all the splendor of a Spanish gypsy, and Charlotte Hopkins. After these came Costena Duncan in the feathers and beads of an Indian maid, leading Gerald Hopkins similarly attired and looking a real "Little Chief." Last but not least Vonie Brown as a suffragette marched, with independent mien bearing a banner of conviction in large type were the words "Votes for Women."

In the evening a gorgeous display of fireworks was sent up from a raft while the band played lively selections on the Casino pier. When the fiery tail of the last rocket had disappeared, the band ceased playing and with the crowd proceeded to Calderwood's hall where they danced 'til the "wee sma' hours."

Much credit is due Miss Fortena Duncan for the success of the parade.

We are glad that we have some men in town with the true spirit of patriotism such as Fay Brown, Chester Dyer, Owen Lermond, Almon Cooper, James Lewis and Henry Duncan, and much credit is due them all.

The Preacher Knew.

When volunteer prayers were called for a man struck in and prayed very earnestly for his poor land, and asked the Lord to give him a good crop.

"What that land of yours needs, is not prayer, but manure," said the preacher, as he gave out, "Work, For the Night is Coming."

"THE BOYS" ORGANIZE

Americus Hook and Ladder Association is Rockland's Latest—Ex-Fire Fighters Get a Good Start.

Monday night, the ex-hook and ladder boys, with the honorary members, a company of 30 persons formed an association which is destined to take its place among the substantial fraternal orders of the city. They have nice rooms over the marble shop of Herriek & Gale in the Wilson block. The walls and ceilings have been newly painted, comfortable chairs and tables installed and the floors carpeted. The walls are decorated with pictures—"Scenes in the life of a Fireman," so familiar to those who have been in Armory hall for the past few years.

On mantles are displayed the presents the "Boys" have received from time to time, silver cups and trophies—trophies that are reminders of their long years of service as members of the Rockland Fire Department.

On this occasion, one long table was profusely decorated with large bouquets of large red and white roses, tastefully arranged by ex-Chief George A. Flint and Simon Hart. Bert Maddox and his orchestra rendered inspiring airs, while the baked beans, doughnuts, bread and coffee, pickles, etc., and so on, were being placed on the table.

Before lunch an excellent fruit punch was passed around, concocted in "Joe's" style which is "world-wide" in fame.

Supper over, the meeting was called to order by W. H. Pawlie, who introduced A. J. Tolman as the toastmaster of the evening. Remarks were made by Fuller C. Blackington, who spoke of the fraternal friendship that existed among the "Boys" and the desirability of an organization that would keep them together.

George Flint's remarks were along the same line. He outlined a plan in regard to fees and dues that met the approval of those present. On the question of name remarks were made by E. J. Clifton, Geo. A. Flint, John Berry, John Frost, W. H. Fowle, Charles Gale and others. Finally it was voted to name the order the "Americus Hook and Ladder Association."

The following officers were elected: Captain, W. H. Fowle; lieutenant, Simon K. Hart; treasurer, George A. Flint; secretary, E. C. Ingraham; trustees, C. E. Heckbert, John A. Frost and Howard E. Crockett.

Story telling and speeches were indulged in while cigars and cold tonics were passed around. The company adjourned at a late hour.

A vote of thanks was given to the members of the orchestra, to the toastmaster and to those who had helped to make the affair a success, and all agreed that the new order promises success from the start.

ROCKLAND THEATRE

Old Time Favorite Comedian at Rockland Theatre Next Monday, Tuesday and Wednesday.

George F. Hall, the oldtime comedian, is well and pleasantly remembered in Rockland, for he has frequently appeared in the old Farwell opera house—and has invariably stood head and shoulders above the others in whatever company he happened to be placed. He is one of the very few who are funny in a natural, spontaneous way, without any striving or straining for effect.

George F. Hall

And his style, or method, or whatever you may term it, is so smooth and polished that anyone must quickly recognize its finish and superiority. He elicits now to appear in a grotesque make-up, whereas he used to work "straight," in evening clothes; but there is nothing grotesque in anything he says or does—nothing but what is straightforwardly, legitimately and appealingly funny. In short George F. Hall is—and always has been—an artist.

IN SPORTING CIRCLES

The Mt. Battie baseball team won its second game July 4th when it defeated Lincolnville 14 to 11. Our correspondent furnishes us with the following report of the contest:

"Everything looked favorable to Lincolnville up to the 6th inning, when the balloon went up, and when it came down it was too late for the Walden county lads to get aboard the band wagon. Burnside Richards pitched instead of Demarais, who had a bum wing and couldn't play. Saford did good work behind the bar, grabbing at all of the pop fouls that came his way. The infielders played good ball, considering the condition of the grounds which were full of holes and knolls. Gillis played like a champion in right field, for everything that dropped into his glove stayed there. Irving Brown connected with one of Rankin's sizzlers, which we thought entitled him to first base, but the Lincolnvillians couldn't see it that way. The Camden players rode home that night rejoicing over a victory that had at first seemed sure defeat. The echoes of old Mt. Battie were awakened by popular songs. The score: Mt. Battie, 20 14 0 0 2 14—14; Lincolnville, 4 3 0 2 0 0 0—11

Duff is not only playing a good strong game in left garden this season, but has come to be regarded as one of the surest hitters on the Street Railway team. As captain of the team he has a keen eye on every point that can be made to count in the car men's favor.

The admission made by Connie Mack, manager of the world's champion Athletics, that Captain "Dan" Murphy, the hard hitting right fielder is out of the game for the season was a shock to the followers of the American League team. Mack said Murphy has water on the knee.

Admirers of the Red Sox are so enthusiastic over the Boston team's present lead that they are already making plans to alter some of the world's championship games at the Hub. There's an old adage, however, about not counting chickens, etc.

Camden-Rockport Y. M. C. A. will miss the services of Alden Allen, the crack high school fielder, who has employment demanding all his time. Young Allen has the earmarks of a coming player, and it is hoped that his services on the diamond will not end with his high school career.

A triangular baseball league, composed of Camp Durrell, Thomaston and Rockland-Crescent Beach will begin next week a series of games on the Crescent Beach grounds for a very desirable prize. The schedule will appear in our Tuesday issue.

Children on the Streets.

It has been proven beyond all possibility of contradiction that the greatest percentage of boys and girls who are brought before the courts for delinquency owe their waywardness to the education they have received on the streets at night. The school of the streets is a bad one in which to receive an education. It is one of the factors that must be carefully guarded. The remedy must be keeping the children off the streets at night or to make the streets fit places for children. It is almost impossible to do the latter. It is possible to do the former. The city streets are public property. Any one is entitled to walk the streets, provided they do not violate any statutory ordinance in doing so. The city authorities have no power to intervene. The moral character of the pedestrian counts for nothing. The parent of the child has authority to keep the youngster at home and the wise parent will exercise this authority. —Memphis Commercial-Appal.

New Drug That Quickly Removes These Homely Spots.

There is no longer the slightest need of feeling ashamed of your freckles, as a new drug, ointment—double strength has been discovered that positively removes these homely spots. Simply get one ounce of ointment—double strength, from C. H. Pendleton, and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.

FIFTY-SIX BOYS

Are At Medomak Camp, Washington This Season—It's Mr. Poland's Ninth Season.

Medomak Camp, Washington, which has become an annual feature under the management of F. E. Poland of Boston, opened for the season this week.

Assisting Mr. Poland at the camp this season are Ralph G. Hurlin and Edward A. C. Murphy of Providence, F. L. Mansur of Bradford, Mass., J. A. Prenderville and F. A. Sweet of Worcester, Mass., Ivan G. Smith of Somerville, Mass., and G. F. Crowell, Jr., of Woods Hole, Mass. The boys brought 56 trunks, which required a special baggage car on the train, while the boys themselves filled a special car.

The boys while in camp have to obey orders and the camp is conducted in a businesslike manner. It is the ninth season of Camp Medomak and it promises to be the best.

The list of boys follows:
Achorn, Erick; Baldwin, Fredrus L.; Baldwin, Marcus B.; Beal, Leland F.; Brewer, Arthur Douglass; Brinkerhoff, Lawrence G.; Burnham, George H.; Carle, Earle; Carver, Nathaniel; Carver, Ransom Fuller; Cobb, Edward S.; Crosby, Tom; Oakes; Cushman, Raymond J.; Dame, Sumner Faxon; Dinsmore, Raymond M.; Dolber, Gordon Henry; Eddy, J. Lamson; Ellms, Carleton F.; Farwell, Vincent, Jr.; Faulkner, Homer Ramsdell; Fenno, Richard Francis; Ferguson, John Clark; Graves, Donald Stone; Haley, Russell; Hermann, Francis A.; Hennrich, Frederick H.; Houghton, Robert E.; Hunt, Wesley B.; Hurd, John, Jr.; Hurd, Porter; Hurd, Richard; Jopp, Charles C.; Ludwig, Raymond; Lund, James, Jr.; Lynch, George N.; Marsh, Tom; Ryder, McLeod; Willard Wise; Munroe, William; Murdock, Henry Blake; Nickerson, Archer; Oakes, Richard Bradford; O'Malley, Warren J.; Packard, Walter S.; Perry, Wentworth Rogers; Potter, Carleton; Pullen, Dexter; Richardson, Donald; Richardson, Philip; Ross, Gilbert N.; Salinger, Conrad; Saxe, Leonard; Taylor, Richard; Tillinghast, Gardner; Tignolles, Hutton; Weeks, Francis D.; Weeks, Joseph S.; White, Arthur J.; Young, Perrin W.

CAMDEN

Braintree, Mass., paper—For the first time in the history of Thayer Academy the Sewall Scholarship has been awarded to a girl, Miss Florence Helen Perry of 38 Union street, South Braintree, being the winner. She will be given a year's full tuition at Boston University. She graduated from the Noah Torrey Grammar School in 1907. After attending the Braintree High School a year she entered Thayer Academy. She was secretary of her class this year and also was member of this year's girls' basketball team at the Academy, which was the championship team of the state. She is very popular and all wish her success. At the graduation exercises at Thayer Academy Saturday she presented with this scholarship. Dr. L. H. Murlin of Boston University, who gave the address, took great interest in her. Miss Perry is the daughter of the late Benjamin C. Perry (Heal) Perry, formerly of Camden.

Easy Way to Wash Windows.

"I have washed every window in my house myself, and all in one forenoon," said a young woman who is noted for knowing the easiest and quickest ways to do housework to a writer for the New York Sun. "And what's more, I did not use a drop of water. No slopping around with wet rags for me." "How do you manage it?" asked the friend. "Just this way," was the reply. "I buy a pint of denatured alcohol which will wash two dozen windows. Then I simply put a little on a cloth and rub the window briskly a moment. The dirt comes off in a twinkling and the windows are left clean and bright. It takes just one-half the time and is only one-quarter the work of the old soap and water way."

RAZORVILLE

State Sunday School Missionary Willard E. Overlock has just returned from a three weeks' trip up in Cumberland and Androscoggin counties.

Mrs. Elmira Jones is spending a few weeks in Augusta and Bath, visiting relatives and friends.

Charles H. Savage has gone to Union for a few days' visit.

Frank Richards, who has been living with Mr. and Mrs. John S. Glidden for the past five or six years, has gone to Bristol to work.

Mel B. Marr took a party to Union in his auto last week to attend the celebration.

Mr. and Mrs. Fred A. Howard of Augusta visited at Rev. J. B. Howard's recently, coming over in their auto before breakfast. They took Rev. and Mrs. Howard in their car to Union and Rockland, taking dinner at Crescent Beach. After dinner they visited Rockport, Camden, Lincolnville, Belfast and Searsmont, reaching home in time for supper, after which Mr. and Mrs. Howard returned to their home in Augusta.

The Maine Transportation Company is well patronized through this section, being loaded both ways nearly every day. Their car is a big 12-seated steamer and one of the most comfortable cars we ever rode in.

The driver is surely the right man in the right place, careful, considerate and knows the business to perfection.

The manager, W. B. Williamson, is winning a large place in the hearts of all who have the pleasure of meeting him, and he is especially adapted to this kind of work, courteous, pleasant and always alert to the comfort of his patrons he will, now it is a settled thing that he will make daily trips, be sure to be generously patronized for this makes a safe, comfortable, and quick way for getting from Rockland to Augusta for not only those along the route but for people out of the state. He leaves Augusta every morning (Sundays excepted) at sharp 8 o'clock coming direct to Windsor upper corner, once known as Windsor four corners, from there he comes to South Windsor.

There he comes to South Windsor, South Soemville, West Washington, Razorville, Washington, Union Common, East Union, South Hope and West Rockport, arriving at Rockland at 10:30 a. m. Returning leaves Rockland at 2:15 p. m. Going over the same route reaching Augusta at 4:45 p. m. This route takes the passengers through some of the prettiest parts of the state of Maine. Three large fair grounds, a large campground, numerous ponds and lakes well stocked with fish, and some of the most beautiful places for cottage lots in Maine are found on this line, and now easily accessible by the Maine Transportation Company's car. Everybody should avail themselves of the opportunity to take this delightful trip. The manager can be reached by telephone, 580 Augusta.

The Hon. Mr. W. E. Overlock was the scene of a quiet wedding Friday evening, July 5, when Mr. Overlock united in marriage Morton Clark and Mrs. Jennie Durrell of Liberty.

Mr. and Mrs. W. E. Overlock are spending a few days in Rockland and Camden. They made the trip in the public automobile.

Cure for Discontent.

Women are taught very wrongly about love. They are allowed to read love stories at a tender age and to form a totally false notion of love. They see themselves as characters at a very early age. They begin trying to captivate, to charm, to enslave the opposite sex before they are out of the nursery. They live and die—many, many of them—without ever in the least understanding the truth about love, or, in fact, about anything else.

Women are very envious by nature. They seem to be plenty of justification in this one way you look at it. Why should one woman have luxury, ease, travel, society and fine clothes, and another woman have only toil and loneliness and privation? This is a useless question. We cannot explain the inequalities of life, but there is an answer to the woman who asks this question. It is this: The more barren the field the greater the privilege of creation. You have a chance to see what you can find by way of joy and beauty; you have an opportunity to create your own atmosphere, and it can be a very lovely one if you learn the secret of making it so.—Pittsburg Dispatch.

BRANCH BRIDGE

(Washington) Mr. and Mrs. G. W. Ludwig and son George of East Gardner, Mass., have been visiting E. Kenniston the past week and also called on many friends in this vicinity.

School in this district closed June 29, taught by John L. Howard of Razorville. He was well liked by the scholars and parents. A treat of peanuts and chocolates was furnished the last day and prizes were given to three classes. The lucky persons being Wesley Peaslee, Ernestine Rivers and Faye Mathews.

Mrs. Thomas Lovensaler, who has been ill the past two months, is able to be up and around the house.

Mrs. Washington Achorn is visiting in Massachusetts.

Miss Lydia Phillips of Palermo is spending her vacation at Washington Achorn's.

Mrs. W. E. Overlock of Razorville was the guest of Mrs. Charles Rivers recently.

Fred Kenniston of Attleboro, Mass., is visiting his father, Capt. E. Kenniston.

LIST OF LETTERS

Remaining in the Rockland Postoffice July 6, 1912

Published by Authority. Persons calling for letters in the following list will please say they are advertised, otherwise they may not receive them.

Free delivery of letters by carriers at the residence of owners may be secured by observing the following suggestions.

First—Direct letters plainly to the street and number of the house.

Second—Head letters with the writers full address, including street and number, and request answer to be directed accordingly.

Third—Letters to strangers or transient visitors in a town or city, whose special address may be unknown, should be marked in the lower left hand corner with the word "Transient."

Fourth—Place the postage stamp on the upper right hand corner, and leave space between the stamp and the direction for postmarking without interfering with the writing.
